Standard line (SL)

Line of a monospace font (Courier New, for example) containing 60 characters (incl. spaces).

Standard page (SP)

Page of a monospace font containing 60 characters/line and 30 lines/page. One SP contains 1,800 characters (incl. spaces).

Target text (TT)

The translated text.

The following rates are calculated without value-added tax. In case of invoicing within The Netherlands, the value-added tax becomes additionally payable in the amount of the current VAT rate (21 %, at present). Further, the rates are calculated per word of the source text (ST). However, a calculation per *standard line*, *standard page*, hour or a lump sum is possible, as well, whereas a calculation per standard line and standard page, respectively, is based on the *target text*.

Jobs to be done at weekends or holidays call up a surcharge in the amount of 20 % of the total sum.
